

How to Download Merchant Capture Deposit Scanner Software

Please remove the old scanner drivers from your computer by following the instructions listed below.

If you don't have permission to install programs, please reach out to your company's IT administrator so that they can install the drivers for you.

The scanner must be disconnected from the computer.

Steps to Uninstall Drivers

- 1. Unplug the scanner before uninstalling the drivers.
- 2. Search for WinScanDriver on your computer. Search for Panini Everest Engine Setup.

3. Open the installer.
